

Qoltec 4G LTE DUAL antenna | 14dBi | omnidirectional | outdoor

Product code: 57043

4G LTE antenna is a product created to meet your expectations in terms of quality and speed of data transfer. It provides operation at the highest standard thanks to the precision of manufacture and the use of the best class components for its production.
- 14dBi gain
- frequency 600 - 2700 MHz

REACH THE FULL POTENTIAL OF 4G NETWORKS

Frequency range 600-2700 MHz

Many times we struggle with interference that prevents us from surfing the web freely, so we have the **perfect solution for you.** This is the **4G LTE DUAL antenna from Qoltec, with a gain of 14dBi**, which will clearly improve the quality of data transfer to your devices and can help you maintain a stable connection even in areas with difficult signal conditions.
With a frequency range of 600-2700 MHz, the antenna is **compatible with different bands used by different 4G LTE networks**.

EXCELLENT PERFORMANCE AND WEATHER RESISTANCE

High Gain 14dBi, Strong Signal

The 4G LTE antenna is designed to **improve the quality of internet at home** , in the office and in any other room with internet access, which can translate into a more stable internet connection, faster data transfer speeds and better overall network performance. The IP67 rating, combined with the ability to withstand various weather conditions, can ensure connection stability even in harsh weather conditions.

Our solution offers:

- support for the 4G LTE standard - providing signal speeds of **up to 600 Mbps**,

- operates in the 600-2700 MHz,

- N-female,

- modern design - thanks to the use of high-class materials and attention to detail,

CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you are buying? Our solutions will meet your expectations. The 4G LTE antenna offer comes with a **24-month guarantee** valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Type antenna	Omnidirectional
Antenna gain	14 dBi
Working frequency	600 - 2700 MHz
Impedance	50
Polarization	Vertical
Antenna connector	N female
VSWR	2.0
Input power cable	RG58/U
OTHER PARAMETERS	
Colour	White
Material	ABS + steel + cooper
Cable length	~3m
Working temperature	-20 ~ +85
Dimensions (D/L x W x H)	430 x 205 x 50 mm
Package contents	1 x 4G antenna 1 x Mounting accessories 1x RG58/U cable
Package depth / length [mm]	220
Package width [mm]	480
Package height [mm]	59
Net weight [kg]	0.719
Gross weight [kg]	0.849
Warranty	24 month
EAN code	5901878570433
