

Qoltec Hub adapter USB-C 5in1 | USB-C PD 100W | 2x USB | HDMI 4K | RJ45

Product code: 53795

Qoltec HUB USB-C 5-in-1 adapter is a state-of-the-art docking station that transforms one USB-C port into up to 5 functional ports - HDMI 4K, Gigabit Ethernet RJ45, 1x USB 3.0, 1x USB 2.0, 1x USB-C PD 100W. You can simultaneously charge your phone, transfer data or power other devices (e.g. tablet, powerbank, smartphone). No driver installation required.

ONE HUB, INFINITE POSSIBILITIES - SAVE TIME AND SPACE

More ports, more convenience - Enjoy mobility by having all the connectors in one device
Looking for a solution to expand the capabilities of your laptop or computer? **The Qoltec brand USB hub is dedicated to anyone who appreciates practical solutions to facilitate the organization of work and the use of multiple devices simultaneously** . The lack of more USB ports on devices such as laptops, for example, is a big problem. Already our device will improve and organize your workstation, you will gain additional USB ports necessary to connect several devices at once.

ALL YOUR DEVICES IN ONE PLACE

Seamless collaboration between devices, HDMI 4K, fast charging with 100W power delivery

Connect multiple devices simultaneously and enjoy fast and reliable file transfers. Our hub will allow you to connect multiple devices simultaneously without sacrificing performance.

- **Connect mouse, keyboard, printer, flash drive, headphones, speakers, monitor, projector and other accessories –** Without having to rewire cables.
- With **Power Delivery (PD) 100W technology, you can simultaneously work and quickly charge your laptop or tablet**.
- **HDMI port supporting 4K @30Hz** provides excellent images on external screens, ideal for presentations and multi-monitor work.
- **An RJ45 Ethernet 100Mbps connector guarantees a stable network connection**, even where Wi-Fi fails.
- **USB 3.0 and USB 2.0 provide convenient connection of classic accessories and fast data transfer**.

MULTIFUNCTIONALITY IN A COMPACT SIZE

Aluminum housing, elegant design
The compact size of the device makes it **extremely practical and convenient**, and its light weight will allow you to take it literally anywhere you need it, to work, the office or anywhere else on a business trip and beyond. **Fits easily into a pocket or backpack** . The housing of the device has been **made of high-quality durable aluminum, which further helps dissipate heat** and provides effective protection against crushing and protects against any damage.

FAST AND RELIABLE FILE TRANSFER SPEEDS

Data transfer speeds of up to 5 Gbps
Devices connected to the hub can **transfer data at speeds of up to 5 gigabits per second** , providing **fast file copying, smooth data transfer between devices and efficient use of external drives.** Remember the quality of the connected device or the type of cable also has its limitations on data transfer speeds. **Make sure that all devices connected to the hub are compatible with USB 3.0 and have the ability to support high data transfer speeds.**

FORGET DRIVERS, ENJOY FULL PLUG-AND-PLAY COMPATIBILITY

Plug and play - The system will automatically recognize the device
It is thanks to **Plug-and-Play functionality**, Once connected to the laptop, our device is ready to use without installing additional drivers, **Just plug in the appropriate USB-C or USB cable and you're good to go**. USB-C connector allows you to connect to any computer, laptop, tablet or smartphone equipped with a **USB-C port or Thunderbolt 3 and 4** port that supports data transfer.

CONFIDENCE CONFIRMED BY A WARRANTY

Product with 24 months guarantee

Do you care about the high quality of the product you are buying? Our solutions will meet your expectations. The product is covered by **24 month warranty** effective from the date of purchase.
