

Qoltec Power cube 6-in-1 extension cord with illuminated switch | 3x AC | 2x USB | 1x USB-C PD 20W | White

Product code: 52548

A compact and functional 6-in-1 power cube designed for everyday convenience. The ergonomic arrangement of the 3 AC outlets on the sides makes it easy to plug in even large plugs. Plus, it features 2 USB-A ports and a high-speed 20W USB-C Power Delivery on the front-perfect for express charging of smartphones and tablets. The whole thing is complemented by an illuminated on/off switch that allows you to control power with a single click.

ONE DEVICE, FEWER CABLES, MORE SPACE AND FULL POWER CONVENIENCE

Qoltec 6-in-1 style, order and reliability in one

Looking for a practical way to organize your space and power multiple devices from a single, convenient source? **Whether you're aiming for a tidy setup under your desk, behind the TV, or on your kitchen counter – the Qoltec power cube is the perfect solution to help you stay organized and fully functional. Instead of using multiple extension cords and chargers, all you need is one compact device that delivers safe and stable power to all your essential electronics.**

THOUGHTFUL PORT LAYOUT - NO MORE INTERLOCKING PLUGS AND CABLE CLUTTER

Power without a charger - plug your phone directly into the strip
Designed with comfort in mind, the power cube **Offers an ergonomic arrangement of 3 AC outlets on the sides of the case, allowing easy connection of even larger plugs without blocking each other. On the front, you'll find 2 USB-A ports and 1 USB-C PD port, which are always on hand for quick charging of your smartphone, tablet or headphones** - Without having to reach for separate chargers. Do you have a lot of cables at home and not enough plugs? Our power cube will make you charge your phone or any equipment without having to plug in the whole charger.

MINIMALISM, FUNCTIONALITY AND MODERN TECHNOLOGY - EVERYTHING YOU NEED IN ONE STYLISH DEVICE

Illuminated switch that puts you in control , Cubic design
An illuminated switch with a subtle blue light indicates the power status - with one click you can disconnect the entire cube, which is not only convenient, but also energy efficient . It allows you to easily and quickly disconnect the power supply, and the compact cubic form is not only a designer look, it is above all a practical solution that provides excellent organization of space.

ELEGANT DESIGN WITH YOUR COMFORT IN MIND - BECAUSE EVEN THE SIMPLEST ITEMS CAN BE STYLISH

Elegant form, minimalist white and modern simplicity - practicality that looks good
This power cube **is not only a practical accessory - it is also an aesthetic accessory that will fit perfectly into modern interiors . With its classic white casing and minimalist finish, it looks elegant and subtle.** We designed it **Based on the latest trends, combining elegance with simplicity of use.** Make the simplest everyday objects compose with each other to create harmony.

THE SAFETY OF YOU AND YOUR LOVED ONES IS IMPORTANT TO US

Security features that watch for you - your devices under constant control
Wanting to ensure protection for you and other users Qoltec power cube is equipped with advanced security systems to protect your devices and provide peace of mind during daily use. You are assured that every connected device works safely and stably - no matter what the situation.
- Short-circuit and overheat protection,
- Execution with **Non-flammable PP material - increased heat resistance and safety of use even in intensive work,**
- **Surge and overload protection - a guarantee of peace of mind during sudden power surges.**
