

Qoltec Solid steel brush strip for 19" racks | 1U

Product code: 54513

The brush grommet is an essential accessory for the effective organisation of cables in any RACK cabinet equipped with a cable routing hole, usually covered by a blanking plug.
Using it in a 19" rack helps to keep the cable bundles tidy and effectively protected from dust thanks to the dense brush of the panel.

MAKE CABLE MANAGEMENT SIMPLER THAN EVER

Safe and clean space, effective protection of cable harnesses against dust

The installation of cables in a 19" rack is an important stage in the design of an IT infrastructure, as **correct cable management not only affects the aesthetics of the interior, but also performance, access to equipment and ease of maintenance** . Brush grommet is the perfect solution for the professional organisation of cables in a RACK. **This innovative product not only ensures tidiness, but also effective protection of the cable bundles from dust thanks to the dense brush of the panel.**

ORGANISE YOUR CABLES WITH PRECISION AND STYLE

Robust steel housing, aesthetically pleasing cable routing, easy installation

An additional advantage of the brush grommet from Qoltec is its **robust construction, stylish design and universal black colour**, which will easily fit into your room. The robust housing, made of durable and damage-resistant sheet steel, guarantees long-lasting functionality and safety for your cables. Organised cables can be arranged in a way that is consistent and symmetrical, which contributes to the aesthetics of the entire rack. **The lack of accidental cable clutter makes the entire infrastructure look professional**.

CONFIDENCE CONFIRMED BY A WARRANTY

Product with 24 months guarantee

Do you care about the high quality of the product you buy? Every RACK accessory we offer is covered by a **24-month warranty valid from the date of purchase**.
