

Qoltec Solid steel DIN rail mount 35 for 19" racks

Product code: 54517

The DIN35 rack rail mounting bracket enables electrical equipment to be mounted professionally in standard 19-inch racks. Thanks to this solution, mounting and maintenance of devices on the DIN35 rail becomes simpler, which translates into efficient operation and reliability of electronic installations. The bracket is the ideal extension for 19" racks.

ENSURE SECURE AND STABLE ATTACHMENT OF DEVICES ON DIN RAIL 35

Discover the possibility of effectively attaching various devices, bringing order and tidiness to the rack

Our holder not only organises, but also optimises the operating environment of the mounted devices, guaranteeing efficient system functionality. **Designed for standard 19" racks, it ensures stable and secure placement of the DIN35 rail in the rack, facilitating the installation, maintenance and operation of connected devices** . The functional accessory allows devices or modules to be attached to this DIN35 rail brings order to the rack and will ensure order and efficiency for all installed devices.

VISUAL HARMONY, TECHNOLOGICAL EFFICIENCY

Durable stainless steel material, corrosion resistance, easy installation and functionality in one

The DIN 35 steel rail mounting bracket is a reliable and **durable solution that combines robust stainless steel construction with excellent corrosion resistance**. The bracket has been designed so that it can be easily and efficiently mounted onto standard 19" rack openings. The practical mounting system makes installation quick and hassle-free.

CONFIDENCE CONFIRMED BY A WARRANTY
