

Qoltec 2x HDD / SSD docking station | 2.5 "/3.5" SATA | USB 3.0 | Cloning

Product code: 50316

The external dual docking station for a 2.5" or 3.5" hard drive is a convenient solution that allows you to transfer data and clone between SSD and HDD drives and a computer using a high-speed USB 3.0 bus.

EXTREME MEMORY

The device is an interesting solution not only for people who store documents or private files on disks but also for small companies who want to **archive their computer data without investing in expensive solutions**.

The docking station for the hard disk can also be connected to a TV or monitor equipped with a USB port - then it will act as a video player with a **huge backroom**, if you collect photos and videos on hard drives, this product **is dedicated to you**.

TWICE AS PRACTICAL

The presented model of Qoltec docking station has the function of **creating copies of data between drives in offline mode** by pressing the switch on the case. **Cloning** is done **without being connected to a computer**, and the progress and completion of the process is indicated by **luminous diodes lights**.

Do you value your time and data protection is important to you? The docking station has space for **two disk** HDD and SSD, also supports USB 3.0 up to 5Gbps 2.5" and 3.5" and the SATA I/II/III standard.

INNOVATION IN YOUR HOME

You don't need to install drivers, just plug into a USB port and use thanks to the simplicity of the **Plug & Play function**.

The product is characterized by an **ergonomic shape** ensuring comfort of use, and the **minimalist and elegant design**, which is given by a thin and light casing, creates **excellent aesthetics of the device**, thanks to which it will adapt to any type of room. Cushioning is guaranteed by additional rubber feet, stabilizing the housing against moving during work.

CONFIDENCE CONFIRMED BY A WARRANTY

Your trust in our products is a priority. We provide a 24-month warranty for the Qoltec docking station, valid from the date of purchase. **Check how it meets your expectations!**

TECHNICAL DATA

Producer	Qoltec
Standard	USB 3.0
