

Qoltec Access Point | Wi-Fi | Ceiling

Product code: 57003

Wireless Access Point, 300Mbps

ACCESS POINT

Access Point Qoltec is easy in mounting, has elegant design, so that it perfectly fit in into inside of the room. Choose mode to your needs:

1. AP mode – convert a wired network to wireless Wi-Fi signal for other devices to connect to the Internet.
 2. Repeater mode – receive the remote wireless signal, and then transmit a wireless signal, the terminal devices can receive this signal by wireless way or by web cable.
 3. Router mode – access a wired network of modem or switch, select the router mode, the device can send out wireless Wi-Fi signal and share with other terminal devices.
 4. Client mode: receive wireless Wi-Fi signal, then convert wireless signal to a wired network, the terminal devices connect to the network by web cable.
- Device is equipped with Power over Ethernet (PoE 48V=0.32A), which allows to power and transfer data by cable Ethernet. Allows using a 2.4 GHz band, using standards 802.11.

TECHNICAL DATA

Producer	Qoltec
Antenna	5dBi
Transmission rate	300Mbps
Wireless standard	802.11 b / g / n
Connection port	WAN/POE LAN x2
Power supply	48V / 0.32A
Fixing	Ceiling
Package contents	Wireless Access Point Power cable Power supply LAN cable Pins / screws that hold the User manual
Net weight [kg]	0.0350
Gross weight [kg]	0.0450
Warranty	24 months
EAN code	5901878570037
