Qoltec batteries dedicated to smartphones are the guarantee of high quality, long-life and safety.

We invite you to familiarize yourself with the full range of our batteries. The [configurator](#) will help you choose the right model.

DONT GET CAUGHT OFF GUARD

Does your smartphone need more charging last time? Or maybe without charger or power bank you don't go out anywhere? Our batteries for smartphones as same as other devices have service life.

If the phone has discharged many times during an important conversation, do not hesitate - replace the battery, not the phone, and enjoy your device again.

A wide range of Qoltec batteries can be found on our website. We invite you to check our wide range of with the wide range of available models.

PERFECT MATCH

Our batteries are fully compatible with individual phone models. The highest quality materials were used in the production process, which positively affects, the warranty and work safety. Additionally, our product offers:

- long service life - thanks to the lithium-polymer cells used,
- protection against: overcharging and excessive discharge,
- convenience - battery don't have charge memory, so they don't need formatting,
- warranty buying in 100% new battery

CONFIDENCE CONFIRMED BY A WARRANTY

If you value the quality of purchased equipment our projects and solutions are focused on meeting your expectations. Qoltec batteries for smartphones is covered by 12 months warranty.

TECHNICAL DATA
