

Qoltec Cable networks tester | RJ45 | RJ12

Product code: 54278

The device verifies the correct connection of network cables over long distances. The RJ-12 and RJ-45 cable network tester is one such tool that plays a key role in the diagnosis, maintenance and repair of telecommunications networks.

- helping to locate and identify possible faults in a cable
- checking the correctness of the connection between individual wires in a cable

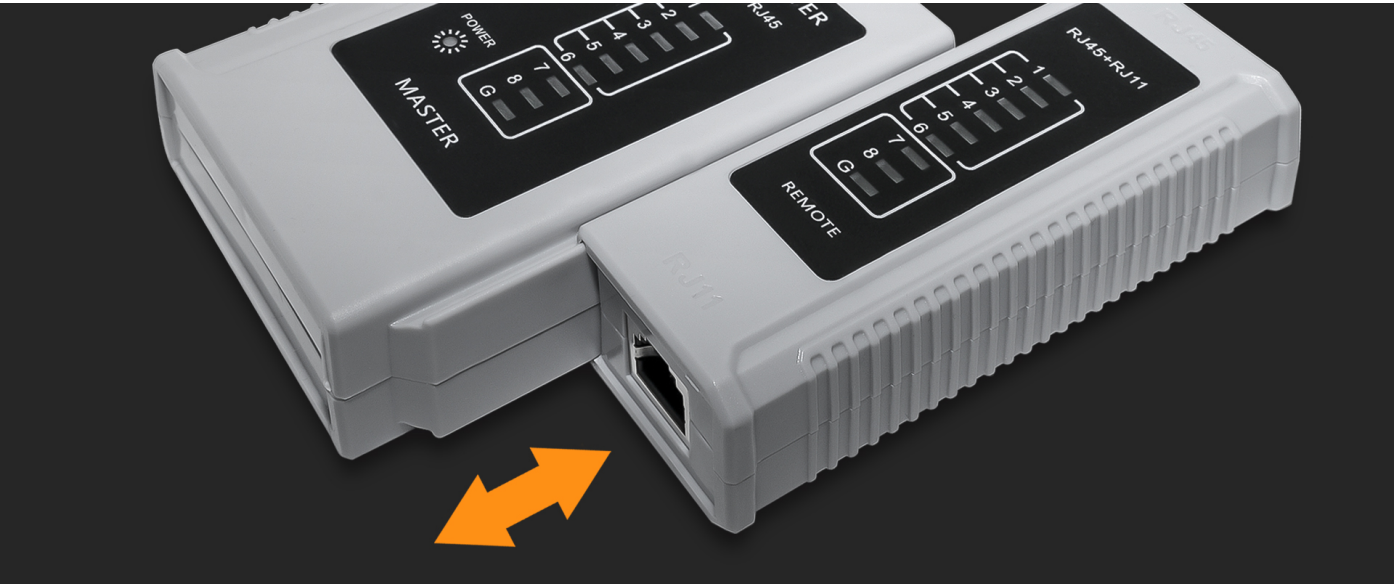

RAPID DIAGNOSTICS AND INTUITIVE OPERATION

Identification of RJ-12 and RJ-45 connectors

Identification of cables and connectors is one of the key applications of the cable network tester. The device eliminates the risk of configuration errors and allows verification of the correct connection of network cables that are terminated with RJ45 and RJ12 connectors. Thanks to the cable identification function, the tester allows you to quickly determine which cable corresponds to a specific connector or pin. Indicator lights show the correctness of the connection and the status of the cable network tester. The kit includes the main module, which is equipped with RJ45 and RJ11 sockets, and the terminator, which has LEDs and RJ45 and RJ12 sockets.

INDISPENSABLE FOR CHECKING THE CORRECTNESS OF CONNECTIONS IN THE CABLE

Efficient cable and connector management

The tester is an invaluable tool for quickly identifying and locating faults, its use speeds up the repair process and minimises downtime, which is crucial in communications network diagnostics where reliability is a priority. The mobility and ease of use of this tool make the tester an effective tool in a variety of working environments.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you want a high quality product? Our solutions will meet your expectations. The accessories we offer come with a 24-month guarantee valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Material	Plastic
Usage	Verifies the correct connection of network cables terminated by RJ45 and RJ12 connectors on long distances.
Power supply	9V Battery
Connector	RJ45, RJ12
Additional information	Signal LEDs show correct connection and cable tester status
Colour	Grey, black
Dimensions (D/L x W x H)	103 x 96 x 27 mm
Package contents	1 x Cable networks tester RJ45 RJ12
Package	Polybag
Package depth / length [mm]	140
Package width [mm]	125
Package height [mm]	30
Net weight [kg]	0.090
Gross weight [kg]	0.099
Warranty	24 months
EAN code	5901878542782
