

Qoltec cable organizer | 1U

Product code: 54476

Qoltec cable organizer is designed to organize and protect connection cables.

YOUR SAFETY IS IMPORTANT TO US

Electronic equipment often generates a large amount of wires. Tangled cables not only spoil the aesthetics of the room, but are also a real threat to your health and shorten the life of the equipment. The presented model is designed to help you create and organize a safe space in your server room.

AESTHETIC FORM

We take care of every detail and precision of execution. An additional advantage of the Qoltec cable organizer is a stylish design that will easily fit into your room.

DURABLE CONSTRUCTION

The material from which the Qoltec cable organizer is made is distinguished by its thin thickness and high quality. Cold rolling causes the sheet metal to change its mechanical properties, which makes it more durable and difficult to process later.
