EXPAND THE CAPACITY OF YOUR COMPUTER WITH QOLTEC RECORDER

Compact and reliable with CD/DVD reading and writing functionality

Although we store many files on CD/DVD media, modern computers are often not equipped with drives to read or record them. Qoltec's DVD-RW burner is the ideal solution, allowing you to easily install a drive for reading and recording files. With this compact and reliable device, you will be able to enjoy the full functionality of your computer, whether you are using the latest laptop models or older PCs. The writer offers 8x writing speed for DVDs and 24x for CDs.

EXCEPTIONAL WORKMANSHIP

Durable, Elegant and Functional Case

The Qoltec DVD-RW burner casing is **made of hard and durable plastic**, which guarantees long-lasting protection for your drive. It is **durable, lightweight and perfectly protects the device from mechanical damage**, so you can rest assured that your data is safe. Its minimalist, elegant design, combined with its thin casing, makes the device fit perfectly into any interior and adds a modern touch. **The well-thought-out design includes adequate storage space for the USB cable**, eliminating the risk of losing it and making the device easy to store and carry. In addition, **the rubber feet provide stability to the case**, preventing it from moving and absorbing any shocks.

INNOVATIVE TECHNOLOGY IN YOUR HOME

High-end components, Plug&play, Compatible with Windows 11, 10, Windows 8.1, Windows 8, Windows 7, Vista, XP, Linux and MAC OS

Thanks to the **Plug & Play** function, **no additional drivers need to be installed** - simply plug it into a USB port and start using it immediately. **Compatibility with all major operating systems, including Windows 11, 10, Windows 8.1, Windows 8, Windows 7, Vista, XP, Linux and MAC OS**, makes the device versatile and universal. The Qoltec DVD-RW burner is built with high-end, alternative components that will automatically detect the type of interface and adapt to it. This also has an impact on long-lasting performance and interoperability with older generation devices.
