

Qoltec Hub Adapter USB-C 3.1 5in1 | 4x USB 3.0 | DC

Product code: 50379

A compact and lightweight USB-C hub is a way to expand the capabilities of your equipment. You can take it with you everywhere and connect multiple devices to your laptop or PC through the additional ports. It will work well both in the comfort of your home theater and during a business trip, giving you the feeling that everything you need at the moment is within reach.

FULFILL YOUR FULL POTENTIAL

Are you looking for a solution that will allow you to **expand the capabilities of your laptop or computer?** You're in luck. With the USB-C hub featuring 4x USB and DC, **you'll gain additional USB ports** necessary for connecting multiple devices at once: a mouse, flash drive, external hard drive, and smartphone are just a few examples.

ENHANCE YOUR FLEXIBILITY

The presented **USB-C hub model enables fast and stable file transfer between a computer or laptop and various types of devices** such as smartphones, flash drives, external drives, depending on needs and technical capabilities.

USB port – in conjunction with the appropriate cable, it allows file transfer between connected devices at a speed of 5 Gb/s.

DC port – using a dedicated charger, you can charge connected devices.

YOUR MOBILE CONNECTIVITY CENTER

The compact size and lightweight construction make the USB-C 3.1 hub with USB and DC an ideal travel companion. You can easily tuck it into your bag or backpack and be confident that you always have access to the necessary ports. Whether you're in the office, at a meeting, or on a business trip, this **small-sized device is the perfect solution for professionals in their daily work.**

CONFIDENCE CONFIRMED BY A WARRANTY

Each of the hubs offered by us is covered by a 24-month warranty, effective from the date of purchase. **Quality matters to you, and you matter to us.**
