

Qoltec Mifare 13.56 MHz proximity tag | 10pcs.

Product code: 52455

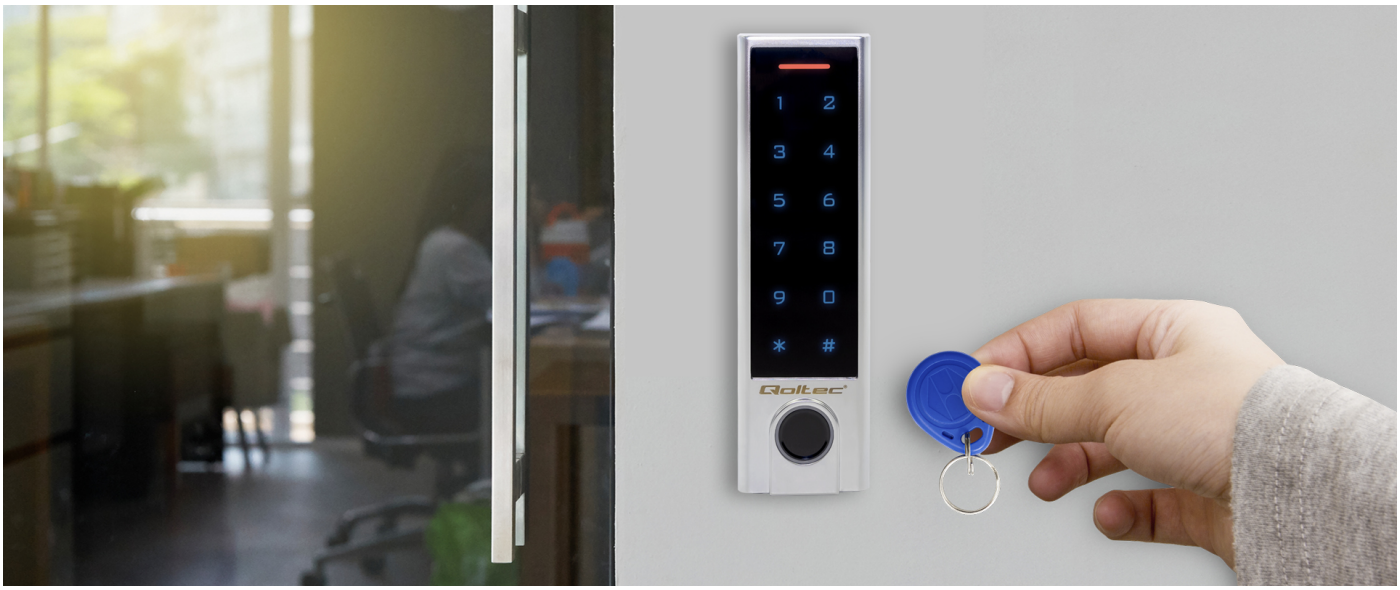

Proximity key fob compatible with 13.56 MHz Mifare readers. Used for unlocking access code security . Each key fob is protected by an individual code read by the reader when the key fob comes within its range . The product is characterized by high mechanical strength .
The set includes 10 pieces .

13.56 MHZ MIFARE KEY FOB

Mifare proximity key fob is compatible with most devices compatible with the 13.56 MHz Mifare communication standard. It is used to unlock security access to a building or protected facility. Each product is protected by an invariable individual code that is read by the reader when the key fob comes within its range, allowing access only to authorised persons. The reader verifies the information encoded on the key fob before unlocking access.
The product is characterised by its high mechanical strength . We offer 10 pieces in a set.

COMPACT SIZE - CONVENIENCE OF USE

Mifare key fob by Qoltec can replace a proximity card. Constructed from high-quality materials, it features high mechanical resistance. In addition, the compact size allows it to be placed on a key ring, for example.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. The product comes with a 24-month warranty valid from the date of purchase.
