

Qoltec Modular crimping tool for cutting and crimping Ethernet cables 8P 6P 4P

Product code: 54381

Modular crimping machine for cutting and crimping various types of 8P `and 6P Ethernet cables. Features a precision crimping mechanism that presses evenly on the cable contacts for a durable and reliable connection. Built-in blade for cutting cables.

INVESTMENT IN ROBUST, MODERN AND EFFICIENT CABLE CONNECTIONS

Precision clamping mechanism

The modular crimping machine for cutting and crimping Ethernet cables is a tool that guarantees **solid and durable connections**. Our modular crimper is an investment in robust, modern and efficient cable connections. It allows you to adjust the crimping force depending on the type of cable, which is important to ensure a reliable connection. It has a **built-in cable cutting blade** to make it easier to prepare the cables before crimping.

ERGONOMIC AND COMFORTABLE TO USE

Robust construction for long-term use

The product, thanks to its ergonomic handle, lies **perfectly in the hand**, handy which significantly increases working comfort and ensures safety during use. **The possibility of adjusting the pressure and depth of cut allows the tool to be precisely matched to a specific type of cable.** The robust construction and high-quality materials make the tool durable and very long-lasting.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you want a high quality product? Our solutions will meet your expectations. The accessories we offer come with a **24-month guarantee** valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Material	Carbon steel, plastic
Usage	8P8C/RJ-45, 6P6C/RJ12, 6P4C/RJ-11, 4P4C&4P2C
Colour	Green, black
Dimensions	195 x 110 x 45 mm
Package contents	1 x Modular crimping tool for cutting and crimping Ethernet cables 8P 6P
Package	Blister
Package depth / length [mm]	250
Package width [mm]	100
Package height [mm]	20
Net weight [kg]	0.247
Gross weight [kg]	0.274
Warranty	24 month
EAN code	5901878543819
