

Qoltec Power adapter for laptop 65W | 20V | 3.25A | 5.5*2.5 | +power cable

Product code: 50014

A dedicated laptop power supply is a guarantee of safe power and operation. You can use it at home or at work. It features a range of protections to safeguard your connected laptop. It is characterized by high efficiency, which reduces energy consumption.

We invite you to explore our full range of power supplies.

For assistance in choosing the right model, our configurator on our website or at the following address **notebookspareparts.pl**

A SOLUTION DEDICATED TO YOU

When it comes to power supplies, reliability is crucial. **Select a Qoltec power adapter** dedicated to Acer, Dell, Fujitsu, HP/Compaq, Toshiba laptops. It is made of the highest quality materials, and the **technologies used in it allow for low energy consumption and high efficiency.**
Package contents power supply with velcro to organize the cable, thanks to which you can adjust the length of the cable.

SAFE POWER SUPPLY IN A UNIVERSAL VERSION

Invest in security - it never loses its value. Made of the highest quality materials makes the Qoltec power supply an object worthy of your attention. It will ensure the expected **stability** of work thanks to special safeguards:
- against overvoltage: protects against too low or too high voltage,
- against overloads: protects against overloading the power line,
- against short circuits: protects against short circuits in the power circuit,
- thermal: protects against damage caused by overheating.

ADAPTING THE POWER SUPPLY - WE GIVE A HELPING HAND

It is very important to match the right AC adapter for your laptop model. You can reduce the forced break in activity to a minimum by following these simple rules:
You can read the basic parameters from **the label** on the bottom of the laptop, they will be: **POWER** (W), **VOLTAGE** (V), **CURRENT** (A). The following points will dispel any doubts that may arise when making your choice of equipment:
1. **POWER** (W) **-** this number indicates the minimum value that a new power supply should have. Nothing prevents you from using a product with a higher strength. Thanks to this, it will be less loaded, and therefore it will heat up less.
2. **CURRENT** (A) **-** here, as in the case of POWER, the value on the new power supply may be equal to or higher than that indicated on the rating label of the laptop.
3. **VOLTAGE** (V) **-** the number for this parameter is more restrictive. Only a **fluctuation of +/- 0.5V** is allowed.
The last and equally **important** issue is the **PLUG**. You can't move without it! There are no exceptions here, it must **be identical to the original.**
The size shown is the outer diameter and inner diameter of the pin. If a comparison based on the presented photo is not enough, a measurement will be necessary, which will ultimately **confirm your choice.**

CONFIDENCE CONFIRMED BY A WARRANTY

You value the quality of purchased equipment so our projects and solutions are focused on **meeting your expectations.** Qoltec universal power adapter is covered by 36 months warranty.

TECHNICAL DATA

Producer	Qoltec
Designed for brands	Acer, Dell, Fujitsu, HP/Compaq, Toshiba
Usable power	65 W
Input voltage	220 - 240 V
Output voltage	20 V
Output current	3.25 A
Plug type	5.5 * 2.5 mm
Frequency	50 - 60 Hz
Usage	Laptop
Safety	Overvoltage protection Overload protection Short-circuit protection Overheating protection
Efficiency	LeveL VI
Configurator	notebookspareparts.com/
Additional information	AC / DC power supply intended for telecommunications equipment and for automatic data processing equipment and devices for these machines.
OTHER PARAMETERS	
Colour	Black
Cable length	1.43 m
Dimensions (D/L x W x H)	114 x 50 x 30 mm
Package contents	Power adapter Velcro to organize cable Power cable Warranty card
Package depth / length [mm]	135
Package width [mm]	50
Package height [mm]	230
Net weight [kg]	0.2340
Gross weight [kg]	0.4020
Warranty	36 months
EAN code	5901878500140
