

Qoltec Power adapter for Samsung | 65W | 19V | 3.42A | 3.0*1.0

Product code: 51742

Power adapter for laptop Samsung
Power: 65W
Voltage: 19V / 3.42A
Plug: 3.0*1.0

A SOLUTION DEDICATED TO YOU

When it comes to power supplies, reliability is crucial. **Select a Qoltec power adapter** dedicated to Samsung laptops. It is made of the highest quality materials, and the **technologies used in it allow for low energy consumption and high efficiency**. Package contents power supply with velcro to organize the cable, thanks to which you can adjust the length of the cable.

SAFE POWER SUPPLY IN A UNIVERSAL CERSION

Invest in security - it never loses its value. Made of the highest quality materials makes the Qoltec power supply an object worthy of your attention. It will ensure the expected **stability** of work thanks to special safeguards:

- **against overvoltage**: protects against too low or too high voltage,
- **against overloads**: protects against overloading the power line,
- **against short circuits**: protects against short circuits in the power circuit,
- **thermal**: protects against damage caused by overheating.

ADAPTING THE POWER SUPPLY - WE GIVE A HELPING HAND

It is very important to match the right AC adapter for your laptop model. You can reduce the forced break in activity to a minimum by following these simple rules:

You can read the basic parameters from **the label** on the bottom of the laptop, they will be: **POWER (W)**, **VOLTAGE (V)**, **CURRENT (A)**. The following points will dispel any doubts that may arise when making your choice of equipment:

1. **POWER (W)** - this number indicates the minimum value that a new power supply should have. Nothing prevents you from using a product with a higher strength. Thanks to this, it will be less loaded, and therefore it will heat up less.
2. **CURRENT (A)** - here, as in the case of POWER, the value on the new power supply may be equal to or higher than that indicated on the rating label of the laptop.
3. **VOLTAGE (V)** - the number for this parameter is more restrictive. **Only a fluctuation of +/- 0.5V is allowed.**

The last and equally **important** issue is the **PLUG**. You can't move without it! There are no exceptions here, it must **be identical to the original**. The size shown is the outer diameter and inner diameter of the pin. If a comparison based on the presented photo is not enough, a measurement will be necessary, which will ultimately **confirm your choice**.

TRUST CONFIRMED BY WARRANTY

You value the quality of purchased equipment so our projects and solutions are focused on **meeting your expectations**. Qoltec universal power adapter is covered by 36 months warranty.

TECHNICAL DATA

Producer	Qoltec
Designed for brands	Samsung
Usable power	65 W
Input voltage	AC 220V - 240V
Output voltage	19 V
Output current	3.42 A
Frequency	50-60Hz
Safety	Overvoltage protection Overload protection Short-circuit protection Overheating protection
Efficiency	Level VI
Configurator	notebookspareparts.pl
Additional information	AC / DC power supply intended for telecommunications equipment and for automatic data processing equipment and devices for these machines.
OTHER PARAMETERS	
Colour	Black
Cable length	170 cm
Package depth / length [mm]	135
Package width [mm]	50
Package height [mm]	230
Net weight [kg]	0.2160
Gross weight [kg]	0.3870
Warranty	24 months
EAN code	5901878517421
