

Qoltec Power strip | 6 sockets | 1.8m | Grey

Product code: 50277

Qoltec power strips ensure certainty and safety when used at home, in the office, and wherever you need to expand your access to electricity. Noteworthy features include:
- modern and ergonomic design,
- Kriss/Kross socket arrangement system,
- classic colors,
- possibility of mounting on walls or furniture,
- illuminated **Quick-switch.**

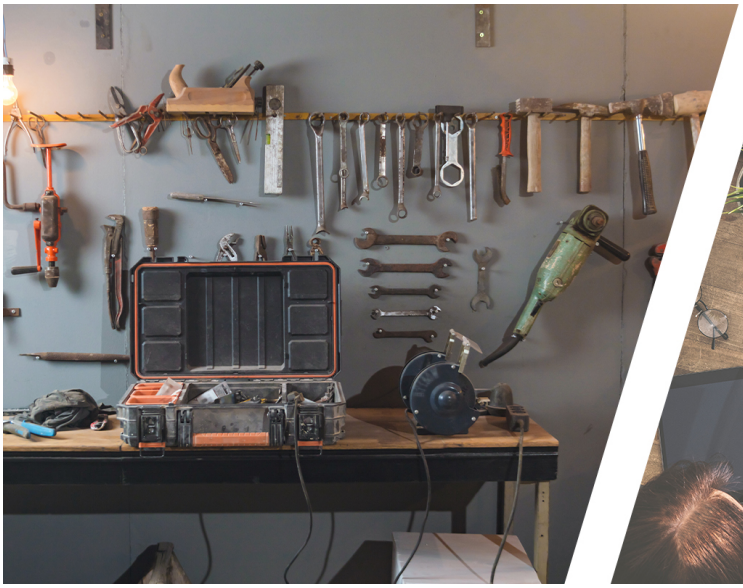

ONE STRIP, MANY POSSIBILITIES

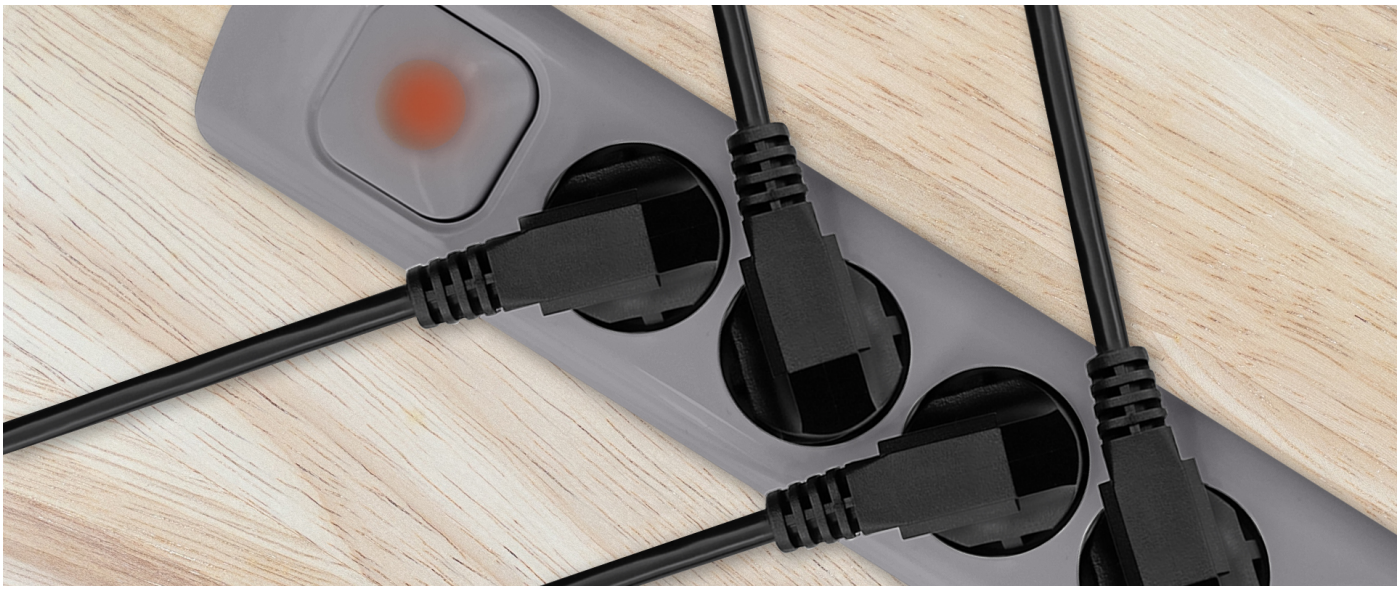

To home and to work

Are you looking for a way to connect multiple devices to a single power source, allowing cable organization under your desk, behind the TV, or in the kitchen? Or are you setting up a workspace for yourself and your employees, maybe in an office or a workshop, and want to take care of your equipment in the process? **The best solution is a power strip. It's available in various options, allowing you to choose the one that best meets your expectations.**

A BREAKTHROUGH SOLUTION IN POWERING – AVAILABLE FOR YOU!

Kriss/Kross Socket Layout System

Discover an **innovative solution –** a power strip with alternately angled sockets. These intelligently designed sockets allow for convenient connection of various electrical devices, ensuring **optimal utilization of available space**. This solution maximizes efficiency of use. Focus on work or relaxation, with the assurance of reliable power supply. Choose our power strip and enjoy comfort!

QUICK SWITCH AND YOU RUN SMOOTHLY

Foot-operated illuminated switch

Among our products, you'll find power strips with various socket numbers and cable lengths, ensuring you choose the right one for your needs. **A practical feature is the built-in illuminated foot switch, Quick Switch.** When it's lit, you can be sure your devices are receiving their dose of power. It's also convenient without the need to bend down. Placing the power strip on the floor allows easy toggling of the power supply with the button.

ELEGANT DESIGN WITH YOUR COMFORT IN MIND

The combination of functionality and convenience

The power strip will **perfectly complement the interiors** where you place it. This is possible, in part, due to the classic grey housing. We've designed it based on **the latest trends**, blending **elegance with user-friendliness.** Make even the simplest everyday items harmonize together.

THE SAFETY OF YOU AND YOUR LOVED ONES IS IMPORTANT TO US

Our actions regarding safety

To ensure protection for you and other users of devices connected to the power strip, we've equipped it with the following safety measures:
- protective shutters on all sockets providing **child safety –** particularly crucial in places where children are an integral part of life,
- constructed using **fire-resistant PP material.**

WALL OR FURNITURE INSTALLATION - THE CHOICE IS YOURS

We know that an increasing number of devices are becoming SMART, and we are well aware of the amount of necessary cables and chargers needed at home or in the office. In addition to standard home or office equipment, we connect devices such as Bluetooth headphones to power, which have gained tremendous popularity.

The possibility of mounting on any surface

Another convenience our power strip is equipped with is the ability to place it in **vertical** (e.g., on the wall) or **horizontal** (e.g., under the desk) **configurations** thanks to the **mounts** located at its ends.

With these features, **you can organize your space so that too many cables won't disturb your sense of aesthetics.**

The manufacturer reserves the right to change the technical parameters of the device.

TRUST CONFIRMED BY WARRANTY

5 years warranty - you can count on us

Do you care about the high quality of the product you're purchasing? **Our solutions will meet your expectations** . Every power strip offered by us meets the requirements of **EU Directive 2002/96/EC**. All power strips are covered by a **5-year warranty**.

TECHNICAL DATA

Producer	Qoltec
Number of sockets	6pcs.
