

# Qoltec SC / APC quick fiber optic connector | Singlemode | 0.9 | Set of 10 pcs

**Product code: 54498**

The fast connector allows the termination of optical fiber without the need for welding.
Connectors: SC/APC
Fiber type: Singlemode

## FIBER OPTIC FAST CONNECTOR

**Fiber optic fast connectors** guarantee low attenuation and allow fiber optic termination **without the need for welding.**
The fast connectors are suitable for terminating optical lines wherever conventional glued optical connectors are used, e.g. for terminating optical fibres in building switch boxes.

## SC / APC CONNECTORS

SC connectors are designed **for use in telecommunications.** They are also used in active devices such as video converters and media. They ensure **quick and easy** connection and are **resistant** to connection defects. The shape of the joint allows for easy and safe installation. In addition to telecommunications applications, the SC fiber optic connector is used in LAN and WAN networks, CATV networks, measurement techniques, sensor systems and on railways. The APC connector has a polished end face of the ferrule at an angle of 8 degrees, thanks to which the reflectance phenomenon occurring when the light passes through the interface has a much smaller impact on the attenuation of the connector.

## TRUST CONFIRMED BY WARRANTY

Do you care about the high quality of the product you buy? **Our solutions will meet your expectations.** Each of the quick couplers we offer has a 24-month warranty valid from the date of purchase.

## TECHNICAL DATA

| | |
|---|---|
| Producer | Qoltec |
| Type connectors | SC/APC |
| Fiber type | Singlemode |
| Diameter cable | 0.9 mm |
| Package contents | SC/APC fiber optic fast connector 10 pcs |
| Package | Polybag |
| Package depth / length [mm] | 15 |
| Package width [mm] | 70 |
| Package height [mm] | 120 |
| Net weight [kg] | 0.0030 |
| Gross weight [kg] | 0.0040 |
| Warranty | 24 months |
| EAN code | 5901878544984 |
