

Qoltec Screen protector foil for Samsung Galaxy S9+

Product code: 51602

A protective film ideally suited to the screen of your smartphone, even with rounded edges.

ABOUT THE PRODUCT

The protective foil is made of transparent and high-quality materials.

The protective film doesn't change the dot properties and doesn't distort the image. Perfectly adheres to the screen, including those with rounded edges. It makes better comfort of use.

The foil is designed to protect the phone from dirt, scratches and fingerprints.

It contains all included discs that affect the perfect film sets for the device.

The set contains a protective foil from Qoltec ideally suited to large sizes. To prepare the film assembly kit, a microfiber cloth and a moist swab for removing greasy stains with the function were added to the kit, as well as a card for smoothing unevenness.
