

Qoltec Shut-off thermostat 10A | DIN 35

Product code: 54505

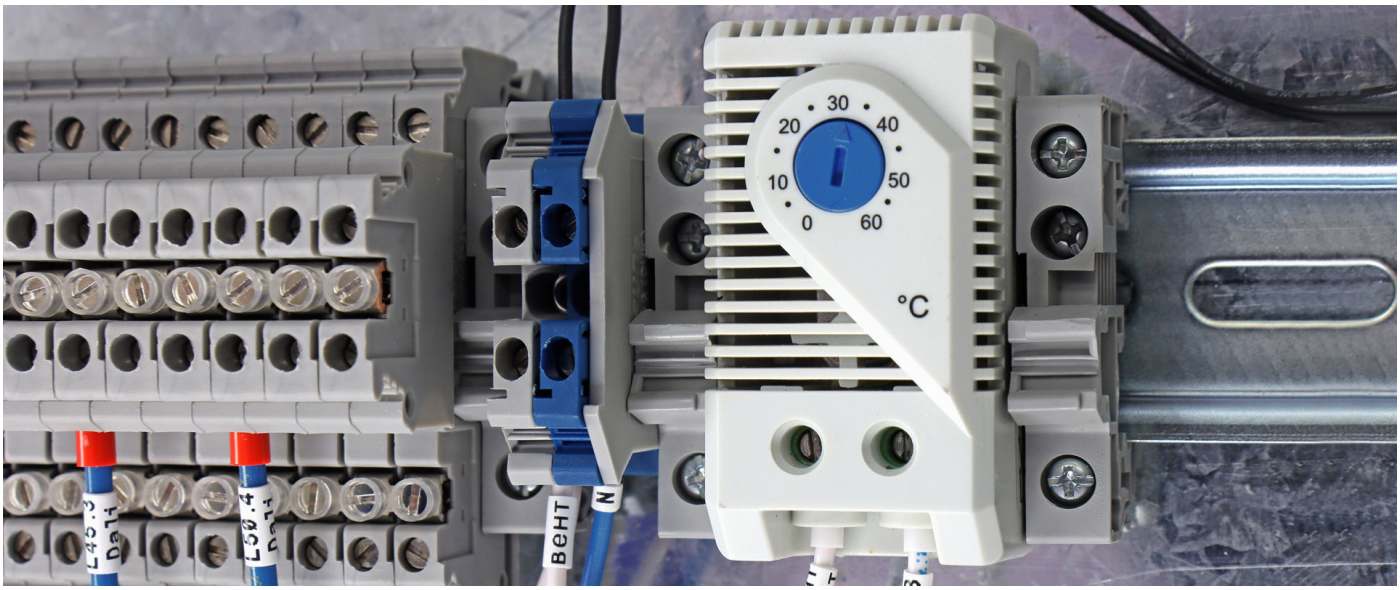

A shut-off thermostat designed to regulate heating equipment, cooling filter fans and heat exchangers. The device automatically switches on the connected equipment when the ambient temperature exceeds the set value. Mounting on DIN 35mm rail. Includes temperature control.

KEEP YOUR DEVICES SAFE

A properly organised rack is not only aesthetically pleasing, but also **easier to access equipment in the event of sudden breakdowns and any service work** . Tidy equipment will **facilitate the flow of cooling air** and also enable us to control the equipment.

FUNCTIONAL SOLUTION

The shut-off thermostat operates in the **temperature range from 0 to +60 C** , its function is to **measure the temperature** in, for example, RACK cabinets and trigger cooling if the set value is exceeded. After cooling, the circuit is switched off.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you are buying? Our suggestions will meet your expectations. The product comes with a **24-month guarantee** valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Type	Bimetallic sensor
Maximum voltage	250V
Power consumption	max. 10A
Installation	DIN TH35
IP Rating	IP20
Hysterase	7 C 4 C
Usage	Heating, cooling, filter fans and heat exchangers
Additional information	It has a temperature regulation.
Operating temperature	-20°C ~ +80°C
Temperature range	It works in a temperature range of 0 to 60 C.
OTHER PARAMETERS	
Material	Plastic
Colour	White
Dimensions (D/L x W x H)	60 x 33 x 43 mm
Package contents	1 x Thermostat 1 x Operating instructions
Package depth / length [mm]	48
Package width [mm]	62
Package height [mm]	47
Net weight [kg]	0.040
Gross weight [kg]	0.051
Warranty	24 month
EAN code	5901878545059
