- 16 melodies to choose from

PROFESSIONAL GUARDIAN OF YOUR HOME

Full control over security

How many times when answering the video doorphone you heard "Please open. Letter carrier", after which a suspicious man without a uniform appeared in the stairwell? Or how much would you give on a Saturday night knowing that a curious neighbor from the property next door calls your wicket, not your colleagues? If your intercom does not give you full control over who you let into your property or company, it is time to choose a modern solution, which is a video doorphone. It is a device thanks to which you will not only see and hear the person at the door but also open the entrance gate without leaving the house. The Qoltec brand has in its offer video doorphone, which are ideal for both your company and home.

UNIVERSAL SOLUTION FOR YOUR HOME

Innovative video door phone with ultra-slim design, 4.3" TFT LCD display and night mode function!

We always pay attention to the details of the devices we manufacture so that they meet our customers' expectations. Qoltec brand video intercoms are made from the highest quality materials to guarantee reliable operation. Not only have we taken care of the modern design, but we have also equipped them with additional features:

- 4.3" TFT LCD display for excellent picture quality,
- ultra-slim design for a modern look that fits perfectly in any room,
- the option to connect two monitors and to communicate between them, guaranteeing comfort of use no matter where you are,
- night mode (infrared IR) for excellent visibility after dark.

BET ON COMFORT OF USE

With wide viewing angle, rain cover and gate unlock and 'Do Not Disturb' function for complete control and comfort!

In order to guarantee work at the highest level, we have equipped our device with additional functions:

- a wide viewing angle to ensure you don't miss a thing,
- Do Not Disturb option for those who appreciate moments of peace,
- a door release function - give yourself the convenience of just one button,
- 16 different ringtones - choose your favourite melody or change it every day,
- rain cover and protection against low temperatures protects the device even in severe weather conditions.
