

Qoltec Wireless Audio HiFi Home&Car Transmitter Receiver | Bluetooth 6.0 | NFC | 2 x RCA | 1 x 3.5mm MiniJack | Microphone

Product code: 56981

The Bluetooth 6.0 wireless audio transmitter with NFC enables wireless audio transmission to classic audio systems. It provides stable stereo signal transmission and clear sound without any loss of quality. With 2 RCA and AUX (3.5 mm) outputs, the adapter allows you to easily connect your smartphone, tablet or laptop to a Hi-Fi system, amplifier, receiver or car audio system.
-Support for popular Bluetooth protocols (SBC, AAC, A2DP, AVRCP, HFP) guarantees high sound quality and full functionality when playing music and making calls.
-Transmission range up to 10 metres.

MODERN BLUETOOTH AUDIO TRANSMITTER WITH NFC

Bluetooth 6.0 – stable and modern wireless connectivity
A compact Bluetooth audio transmitter is an easy way to upgrade your classic audio equipment to wireless. **It allows you to stream audio from your phone, tablet or laptop directly to devices equipped with AUX or RCA inputs**. The Bluetooth 6.0 technology used ensures a stable connection, low latency and high sound quality, both when listening to music and making calls.

INSTANT CONNECTION, FULL SOUND CONTROL

Fast NFC pairing and complete freedom of use

Thanks to the NFC function, pairing devices is quick and intuitive **— simply bring a compatible smartphone close to automatically establish a Bluetooth connection.** Support for popular audio profiles ensures clear stereo sound and convenient playback control, while **a transmission range of up to 10 metres** allows for comfortable use at home, in the office or in the car, without the need for cables.

AN EXCELLENT CHOICE FOR ANYONE WHO VALUES CONVENIENCE, QUALITY AND FUNCTIONALITY IN ONE DEVICE

Key features and benefits of the adapter:
- Wireless music playback on your home audio system,
- **Bluetooth 6.0 –** stable and efficient audio transmission,
- **Built-in NFC module for fast, automatic Bluetooth pairing,**
- **Integration of older audio equipment with newer devices –** the perfect solution for upgrading classic Hi-Fi systems without having to replace them,
- 2 RCA and AUX (3.5 mm) outputs **–** wide compatibility,
- **Hands-free calling support**,
- **Transmission range up to 10 m** (in open space),
- Plug & Play **–** no drivers or software installation required,
- Compact design **–** ideal for work and travel.

VERSATILE USE – HOME, OFFICE AND CAR

Use in car audio systems, upgrading older Hi-Fi systems without replacing equipment
Ideal for applications such as:- Connecting a smartphone to a receiver or amplifier,
- Upgrading older Hi-Fi systems without replacing equipment,
- Wireless music playback in your living room or office,
- Use in car audio systems,
- Streaming music, podcasts and audiobooks

FORGET ABOUT DRIVERS, ENJOY FULL PLUG&PLAY COMPATIBILITY

Plug & play – no drivers or additional software required
Thanks to Plug & Play technology, **the adapter is ready to use immediately after connecting to the appropriate ports** - no additional drivers or software installation required. Its compact size means it does not take up much space and is easy to install even in hard-to-reach spaces. It is a proven solution for both home and car use.
