

Qoltec Precise Wireless Barcode Scanner 1D 2D + Scanner Stand | QR | EAN | USB

Product code: 52753

The Qoltec wireless barcode scanner for scanning 1D and 2D barcodes will allow you to enjoy reliability and ease of use. Its precision, speed, ease of use and compatibility with various systems make it an invaluable aid in your day-to-day work. Our device guarantees:

- reading of 1D and 2D codes on an electronic display,
- drop resistance up to 1.5 metres,
- a scanning speed of 100 scans per second,
- scanning at various angles,
- a charging station included.

Get in touch with us and we'll create a bespoke barcode especially for you, based on your specifications, at no extra cost.

EASY TO SCAN - HIGH QUALITY WITH FUNCTIONALITY

Two Working Modes

Normal Mode

Ai enhanced

Fast and accurate scanning of 1D and 2D barcodes

The Qoltec barcode scanner uses state-of-the-art CMOS Imager technology, which enables efficient and precise reading of 1D and 2D barcodes. The 640 x 480 px resolution sensor allows for convenient scanning of barcodes used in retail, logistics, services and administration. The scanner is ideal for use in shops, warehouses, logistics centres, pharmacies, offices, libraries, government offices and customer service points.

Adjust your working method

The Qoltec scanner has been designed for both one-off scanning and intensive, repetitive use. The following scanning modes are available:

- **Manual** – scans the code when the button is pressed.
- **Continuous** – convenient scanning of successive codes without having to press the button each time.
- **Automatic** – the scanner automatically detects a code within its reading range.

PRECISION READING OF 1D 2D CODES

Scanning speed of 100 scans per second, ergonomic design. The device guarantees:

- reading of **1D and 2D** codes,
- CMOS Imager scanning technology,
- a charging station, which acts as a docking station for wireless recharging of the barcode reader,
- efficient operation at a speed of **100 scans per second**,
- **code scanning at various angles: 360° rotation, 42° horizontally, 37° vertically**,
- from a distance of 1–200 cm,
- withstands drops from a height of up to 1.5 m,
- ergonomic design – lightweight and comfortable to use
- assurance that the code has been read correctly thanks to an **audible signal**

THOUGHTFUL CONSTRUCTION - MODERN DESIGN

Convenient and intuitive to use – Plug & Play

The high quality of our readers is the result of thoughtful design based on the most important aspects of how these devices operate. We are fully aware of how they are used and what is expected of them, so to meet even the most demanding working conditions, we are setting a new standard for streamlining work processes:

- **Plug&Play** interface – no need to install additional software,
- a **145cm cable** with a USB plug – allowing the device to be connected to a PC or laptop, so the reader can operate 24 hours a day,
- compatible with **Windows/Mac OS, Linux and Android**,
- ergonomic design – makes the reader easier to use

CONFIDENCE CONFIRMED BY A WARRANTY

This product comes with a 24-month warranty
Do you want to be sure of the high quality of the product you’re buying? Our solutions will meet your expectations. Every barcode scanner we offer comes with a **24-month warranty** valid from the date of purchase.
