

Qoltec Super FAST PD charger for Raspberry Pi 4 | USB-C | 15W | 5V | 3A | Black

Product code: 51829

The Super Quick PD mains charger provides fast, stable and safe charging with support for the Power Delivery standard, which automatically adjusts the charging voltage to the connected device. The charger is designed for Raspberry Pi 4 single board mini-computers and devices supporting PD technology. It has a built-in cable with Type-C connector and a range of safety features.

POWER DELIVERY OR EFFICIENT AND FAST CHARGING

Flexible power management according to the needs of the devices

Our dedicated charger for Raspberry Pi 4 uses the Power Delivery standard to efficiently manage power even with numerous accessories connected, such as external drives, cameras, keyboards or displays. **It allows the Raspberry Pi4 to deliver exactly the required 15W, ensuring stable operation even under heavy load**. Power Delivery is a universal standard, meaning the charger can be used with a wide variety of devices with a USB-C connector - from smartphones to tablets to computers and Raspberry Pi.

USB-C - UNIVERSAL CONNECTOR, EASE OF USE

Fast and efficient charging

The charger features a universal **USB-C** connector that supports the latest technologies and standards and supports fast charging technology. The **Symmetrical design with 24-PIN** connector makes connecting the charger extremely easy and convenient – you don't have to worry about positioning the plug correctly as it works on both sides.

ELEGANT AND COMPACT

Elegance and functionality in one - Lightweight, robust, economical

Made with **attention to every detail**. The lightweight yet **solid construction and small compact dimensions**, which are undoubtedly one of the greatest advantages of the product, guarantee convenience and comfort of use, and the **universal colour and ultra-modern design** further enhance the attractiveness of the charger.

A CHARGER THAT TAKES CARE OF YOU AND YOUR DEVICES

Advanced protection for your devices and complete safety of use

Charger equipped with multiple preventive features to protect your device and you. Protective systems built into the PD standard monitor overloads, short circuits, excessive voltage and overheating. Built with high-quality materials to ensure total safety of use.

CONFIDENCE CONFIRMED BY A WARRANTY

Quality Guarantee - Long-lasting Power, Reliable Performance

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. Each of the mains chargers we offer comes with a **24 month warranty valid from the date of purchase.**

TECHNICAL DATA

Producer	Qoltec
Type	Wired
Maximum power	USB-C : 15W
Usable power	15W
Input voltage	220 – 240 V
Output voltage	5V
Output current	3A
Frequency	50 – 60 Hz
Efficiency	Level VI
Suitable for	Tablet, smartphone and other mobile devices including Raspberry PI4
Plug type	USB-C PD
Cable length	~1.50 m
Usage	Smartphone Tablet Powerbank Wireless headphones Wireless speakers Portable games console Smartwatch
Safety	- against too low or too high an input voltage, - against overcharging, - against a short circuit in the power supply circuit, - against overheating.
OTHER PARAMETERS	
Colour	Black
Dimensions (D/L x W x H)	56 x 39 x 62 mm
Package contents	1 x Super Quick PD charger 1 x Warranty card
Package depth / length [mm]	100
Package width [mm]	78
Package height [mm]	50
Net weight [kg]	0.097
Gross weight [kg]	0.112
Warranty	24 month
EAN code	5901878518299
