

## Qoltec 4G LTE DUAL antenna | 5dBi | omnidirectional | outdoor

Product code: 57047

The 4G antenna is designed to improve the connectivity and performance of 4G-enabled devices such as smartphones, tablets, mobile access points or other wireless routers.

### EXPAND THE LIMITS OF WIRELESS CONNECTIVITY

### Frequency range 600-2700 MHz

Many times we struggle with interference that prevents us from surfing the web freely, so **we have the perfect solution for you**. This is Qoltec's **4G LTE DUAL antenna, with 5dBi gain**, which will clearly improve the quality of data transfer to your devices and can help you maintain a stable connection even in areas with difficult signal conditions.

With a frequency range of 600-2700 MHz, the antenna is compatible with different bands used by different 4G LTE networks.

## DISCOVER A NEW DIMENSION IN INTERNET SPEED

### High gain 5dBi, Strong signal

The 4G LTE antenna is designed to improve the quality of internet at home, in the office and in any other room with internet access, which can translate into a more stable internet connection, faster data transfer speeds and better overall network performance. The IP67 rating, combined with the ability to withstand various weather conditions, can ensure connection stability even in harsh weather conditions.

### 50W POWER, 5DBI EFFICIENCY

### Our solution offers:

- support for the 4G LTE standard - providing signal speeds of up to 300 Mbps,
- operates in the 600-2700 MHz frequency range,
- SMA connector - allows for direct connection of the antenna to access points, routers or network cards having a compatible connector,- modern design - thanks to the use of high-class materials and attention to detail,

## CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you are buying? Our solutions will meet your expectations. The Wi-Fi antenna we offer comes with a **24-month guarantee** valid from the date of purchase.

## TECHNICAL DATA

Producer	Qoltec
Type antenna	Omni-directional
Power	50W
Antenna gain	5 dBi
Working frequency	600 - 2700MHz
Impedance	50
Polarization	Vertical
Antenna connector	SMA male
VSWR	2
IP rating	IP67
OTHER PARAMETERS	
Colour	Black
Material	Plastic + cooper
Cable length	0.10m
Working temperature	-40 +60
Dimensions (D/L x W x H)	17 x 13 x 158 mm
Package contents	2 x Wi-Fi antenna 2 x cable
Package depth / length [mm]	210
Package width [mm]	85
Package height [mm]	15
Net weight [kg]	0.012
Gross weight [kg]	0.016
Warranty	24 month
EAN code	5901878570471
