RELIABLE AND EFFICIENT TO MEET YOUR REQUIREMENTS

RELIABLE AND EFFICIENT

Barcodes accompany us everywhere. Thanks to the devices for reading them, the operation of even the largest warehouses is extremely efficient and reliable. However, barcodes are not only read in large warehouses. You will find them in stores, pharmacies, offices, government offices, gyms and many other places you visit every day. A Qoltec barcode reader will work perfectly in each of these places.

Our device guarantees:

- reading 1D codes,
- efficient work with the speed of 200 scans per second,
- resistance to falls (from a height of 1.5 m),
- automatic mode of operation, thanks to which the codes are scanned automatically after approaching the reader,
- scanning codes from different angles, including inverted ones,
- certainty that the code has been correctly read thanks to the sound signal.

WE CARE ABOUT YOUR COMFORT

The high quality of our readers is the result of thoughtful design based on the most important aspects of their operation. We are well aware of how they are used and what is expected of them, so in order to meet even the most demanding working conditions we set a new standard for improving work processes:

- **Plug&Play interface** - guarantees immediate operation of the reader without installing additional software,
- **180 cm long cable** - comfort of use,
- **USB plug** - by connecting the device to a PC or laptop, the reader can work 24 hours a day,
- **Ergonomic shape** - makes the work with the reader easier.
