

Qoltec ATX SILENT DRAGON 700W power supply | 80 Plus | Gaming

Product code: 50346

Our highly energy-efficient gaming power supply will take you to a whole new level of gaming, ensuring the stable operation of all computer components.
A built-in silent 120 mm fan ensures efficient cooling. The semi-modular power supply allows for effective cable management, just unplug unnecessary cables.

TURN UP THE GAMEPLAY TO THE MAX

No gamer wants to be decided by chance, it's skill that counts and reliable hardware that guarantees a dynamic and fair competition. A good graphics card and a powerful processor need an efficient power supply. Often unjustly overlooked, they are one of the most important components of a computer, their power is decisive for the stable operation of the entire system.

YOU MAKE THE RULES OF THE GAME

Choosing the right power supply is crucial as it is the heart of the system, dissipating power to all its components for smooth operation. Our high-efficiency gaming power supplies will take your gaming experience to a whole new level, ensuring stable operation of all components.

100% SKILL BOOST

It is said that you will not buy a skill, but the equipment that will help you get it you can. Regardless of how you hone your gaming skills, our products designed to win will help you get your speed up to the max. Thoughtful, designed and created to guarantee the performance of all components at the highest level.

TRUST CONFIRMED BY WARRANTY
