

Qoltec Battery cable, female FASTON connector 250 | 20 cm | Black

Product code: 50987

The battery cable with FASTON 250 10AWG 600V female plugs is designed for use with high loads in low-voltage DC installations. FASTON female plugs made of tinned steel are used on both sides of the cable. Ready for use in power supply installations.

PROFESJONALNY PRZEWÓD DO POŁĄCZEŃ AKUMULATOROWYCH I ZASILAJĄCYCH

Durable and flexible insulation
The cable is designed for heavy-duty use in low-voltage DC installations. The flexible black PVC sheath guarantees resistance to abrasion, moisture and high temperatures, allowing the cable to retain its properties in harsh operating conditions. It is ideal for use in PV systems, converters, UPSs and installations in motorhomes and boats.

GOTOWY DO MONTAŻU - WYSOKA JAKOŚĆ I NIEZAWODNE POŁĄCZENIE

Female plug connectors – quick and secure connection
The 10AWG (approx. 6 mm) battery cable with connectors has been designed for stable and safe power transmission. Both ends of the cable feature FASTON female connectors made of tinned steel,
enabling quick, secure and durable connection without the need for soldering or additional tools. The spring latch inside the connector ensures a strong hold and resistance to vibration, which is particularly important in vehicles and mobile systems.
