

Qoltec Bulb socket E27 Wi-Fi SMART | White

Product code: 51792

The Wi-Fi Smart bulb socket is used for wireless switching on and off of the lighting. The lighting can be controlled using the application from a smartphone or tablet. The device works with Google Assistant (Google Home) and Amazon Alexa (Echo).

DISCOVER SMART HOME

Until recently, home or office equipment required our participation to operate properly. Currently, we can turn on the washing machine or dishwasher without getting out of the couch or set a higher heating temperature before leaving the bed. Use innovation in your home or office and enjoy new solutions. The Qoltec E27 Wi-Fi SMART Smart Bulb Socket is the perfect device that lets you discover smart home.

INTUITIVE MANAGEMENT

Our device is designed to save your time and money. With the application installed on your smartphone or tablet, you will turn on or turn off the light in any room equipped with our solution. The intelligent WI-Fi socket allows: - cooperation with Google Assistant (Google Home) and Amazon Alexa (Echo), - Wi-Fi communication, - energy saving due to smart device scheduling.

CONFIDENCE CONFIRMED BY A WARRANTY

You value the quality of purchased equipment so our projects and solutions are focused on meeting your expectations. Qoltec Bulb socket is covered by 24 months warranty.
