

Qoltec Cable USB type C male | USB 2.0 A male | 1m

Product code: 50495

The modern, strengthened USB cable has angled plugs, both USB C male and USB A male. The applied solution provides comfort usage and also protects the cord from damages at the most liable parts.

ABOUT THE PRODUCT

High-quality cable USB type C male/USB 2.0 A male is 1 m long and can be used to connect some devices or power adapters that have new USB 3.1 C to other devices with USB 2.0 socket such as laptops, PC, cameras, chargers, etc.

USB type C communicates data faster than its previous versions and it has new kind of connectors and plugs. Its plug is much thinner, narrower and it's marked with a symmetrical shape that enables it to put it bilateral to devices socket. Thanks to it you don't have to pay attention while connecting the device to the adapter.

The newest standard lets to charge, sending audio and video and also synchronizing data at the same time.

The cable by Qoltec was made with care about details that have considerable meaning in user comfort. The angle USB C and USB A plug means bigger convenience and form protection in the place of cable that is liable for damage the most. In addition, the cord was strengthened which helps to avoid its knottiness and secure it in the time

CONFIDENCE CONFIRMED BY A WARRANTY
