

Qoltec Case for iPhone 13 PRO | PC HARD CLEAR

Product code: 52125

A silicone case for a smartphone is an ideal solution for people who value elegance and simplicity. Provides protection of the edges and the rear part of the device against scratches and other damage.

Stylish protection for your smartphone

The Qoltec case is characterized by the best quality and made of high-quality materials. **It is characterized by a perfect fit, combines elegance, simplicity and stylish design** - made of thin and durable PC Hard Clear material, pleasant to the touch, does not thicken the phone. The transparent material makes it fully transparent, thanks to which the device retains its original appearance. The special design protects the edges and the back of the device, and thus protects the phone against various scratches, scratches and bumps. The raised front edge of the case protects the phone display, which in the event of a fall will absorb the force of the impact. The product has precise cutouts for the camera, buttons and ports, which improves the **comfort of use and full functionality**. Thanks to this, you can use all functions without removing the phone from the case.

A practical solution with attention to detail

We know how important it is to protect your equipment. The Qoltec brand product also offers:

- Perfectly matched
- High durability
- Ergonomic shape
- Lightness and flexibility
- High abrasion resistance
- Impact absorption
- Easy assembly and disassembly

CONFIDENCE CONFIRMED BY A WARRANTY

Do you want a high quality product? **Our solutions will meet your expectations.** Our phone cases come with a 24 months guarantee from the day of purchase.
