

Qoltec FC fiber optic connector | Multimode | 2.0mm | Mounting set | 200pcs.

Product code: 54444

Optical fiber connector designed to connect optical fibers.
Connectors: FC
Fiber Type: Multimode

FIBER OPTIC CONNECTOR

Fiber optic connectors are designed to connect optical fibers. They allow to switch and connect optical lines. Thanks to the highest quality optical connectors the lowest attenuation is guaranteed. Each connector is different, depending on the type of optical fiber and the size and polishing method of the ferrule. Ferrula is a tube, which is made of ceramic sinter and it is a cover and guide for optical fiber in connector.

FC CONNECTORS

Have been designed for telecommunication applications, where uniform connection is required. It is possible due to threaded body. The screwed way of connecting two FC type connectors gives very stable connection, which does not lose its parameters under the influence of touch or handling. Used for single mode and multimode transmission.

TRUST CONFIRMED BY WARRANTY

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. Each of the fiber optic connectors we offer is covered by a 24-month warranty valid from the date of purchase.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you want a high quality product? Our solutions will meet your expectations. Each connector we offer comes with a 24-month guarantee valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Type connectors	FC
Fiber type	Multimode
Usage	Telecommunications, industry, wide-area and local city networks, passive fiber-optic networks, cable TV.
Diameter cable	2.0 mm
Package size	200 x 300 mm
Package contents	Complete FC mounting set connector - 200pcs.
Package	Polybag
Net weight [kg]	1.0820
Gross weight [kg]	1.0830
Warranty	24 months
EAN code	5901878544441
