

Qoltec HDMI v2.1 Cable Ultra high speed 8K | 60Hz | 26AWG | GOLD | 5m | Black

Product code: 50353

Ultra High speed 2.1 cable is the highest HDMI standard, guaranteeing exceptional speed and smoothness of data transmission between receivers up to 48 Gbit/s, allowing us to achieve the best audio and video quality. Enjoy excellent sound and picture quality with HDR10+, VRR, eARC.

- High image resolution of 7680 4320 pixels
- Bi-directional
- Throughput of up to 48Gbit/s
- Ultra high speed
- Gold-plated terminations and PVC coating guarantee transmission of the signal in the best quality
- Frequency up to 120Hz
- Cable length 5m
- Cross section 26AWG

DISCOVER A NEW DIMENSION IN 8K IMAGE - INCREDIBLE SHARPNESS, EXCEPTIONAL QUALITY

Ultra High speed 2.1, VRR function, Gold-plated contacts, 8K quality at 48Gb/sec bandwidth

With a single HDMI cable from Qoltec in **the best Ultra High speed 2.1 standard** on the market, you can connect, for example, a TV to a console or Blu-ray player or a laptop to a projector. You no longer have to worry about having enough ports on your TV or games console. This single cable is responsible for **transmitting media in 8K quality at 48Gbps.**

The HDMI 2.1 cable means **image quality at a resolution of 7680x4320 pixels at 60Hz, additionally the VRR function minimises any image interference** and the robust **PVC material and gold-plated** ends contribute to its durability and the absence of signal interference.

HDMI ULTRA HIGH SPEED 2.1, THE LATEST GENERATION

Support for HDR, HDR10, CEC, eARC support, 8K resolution

The latest HDMI Ultra High speed 2.1 standard offers, among other things :
- support for 8K resolution and higher frame rates of up to **240 frames per second(fps)**,
- **a data transfer rate of up to 48 Gbps**,
- **support for the eARC** standard, responsible for the transmission of advanced audio formats such as Dolby Atmos,
- support for **HDR format, HDR10**,
- support for variable refresh rate (VRR),
- support for **CEC 2.0 control commands**,

YOUR FAVOURITE GAMES IN AMAZING 8K QUALITY

Full compatibility with the latest gaming consoles such as PlayStation 5 or Xbox Series X

Discover a new dimension of entertainment with our HDMI cables. Gamers can already enjoy the full potential of their equipment, **the HDMI 2.1 version means full compatibility with the latest gaming consoles like PlayStation 5 or Xbox Series X**.
Just one HDMI 2.1 cable with VRR function is all it takes to transmit ultra-high-resolution video and audio **signals without sudden signal drops, connectivity delays or image noise** . In addition, **the HDR function takes care of the correct gradation of shades** , adjusting contrast and colours according to lighting conditions, automatically adjusting the parameters of the displayed image.

EXCEPTIONAL FUNCTIONALITY AND TWO-WAY COMMUNICATION

Two-way communication channel

Having an **Ethernet-enabled cable allows for a two-way communication channel** between connected devices, only one of **the devices needs to be connected to the network** . With this solution, a TV connected to the network will provide Internet access to another device, by HDMI cable.

CONFIDENCE CONFIRMED BY A WARRANTY

Product with 24 months guarantee

Do you care about the high quality of the product you are buying? Our solutions will meet your expectations. The product comes with a **24-month guarantee valid from the date of purchase**.
