

Qoltec Laminator LMR-0327 | A4

Product code: 50327

The Qoltec laminator will allow you to maintain the quality of important documents in a quick and easy way. The laminating pouch will give them an aesthetic appearance and protect them against external factors. The device is ready to use after 3-5 minutes of heating. It has a built-in LED diode. Laminating speed - 310 mm/min.

MAINTAIN PERFECT DOCUMENT AESTHETICS

Faded receipts, flooded invoices, discolored photos, torn diplomas. Sounds familiar? Paper is an excellent carrier of information, but unfortunately, it is not durable. Documents lose their readability over time.

Lamination is a process by which you will ensure the quality and aesthetic appearance of documents, protect them against the effects of the passage of time and external factors.

The Qoltec brand offers you a laminator that will work both in the office and at home. Protect your private documents, photos and important company data.

PERMANENT SOLUTIONS

QOLTEC LAMINATOR is guaranteed of fast and easy lamination of documents. It is an ideal solution in places where the quality and aesthetics of stored documents is important. In addition, it offers:

- warm up time - from **3 to 5 minutes**,
- signaling the readiness to work - built-in **LED DIODA**,
- laminating speed - **310mm/min**,
- the ability to work with documents with a maximum thickness of **125 microns**.

CONFIDENCE CONFIRMED BY A WARRANTY
