

Qoltec Laminator | A4

Product code: 50325

The Qoltec laminator will allow you to maintain the quality of important documents in a quick and easy way. The laminating pouch will give them an aesthetic appearance and protect them against external factors.

Warning! Make sure that you use right pouch to cold laminating.

KEEP THE QUALITY

Faded receipts, flooded invoices, discolored photos, torn diplomas. Sounds familiar?

Paper is an excellent carrier of information, but unfortunately, it is not durable.

Documents lose their readability over time. Lamination is a process by which you will ensure the quality and aesthetic appearance of documents, protect them against the effects of the passage of time and external factors.

The Qoltec brand offers you a laminator that will work both in the office and at home. Protect your private documents, photos and important company data.

PERMANENT SOLUTIONS

Qoltec laminator is a guarantee of fast and easy lamination of documents. It is an ideal solution in places where the quality and aesthetics of stored documents is important. In addition, it offers:

- **2 ways of lamination:** warm and cold,
- **warm-up time** - from 3 to 5 minutes,
- **signaling the readiness to work** - thanks to the built-in LED diode,
- **laminating speed** - 25 cm / min,
- **the ability to work with documents with a maximum thickness of 125 microns.**
