

## Qoltec Self-locking cable tie | 4.8\*160 mm | 100 pcs. | Nylon66 | UV | White

Product code: 52242

High-quality Qoltec cable ties are highly functional and suitable for practically any application. They feature:

- high mechanical and thermal strength,
- UV resistance,
- resistance to acids,
- easy installation.

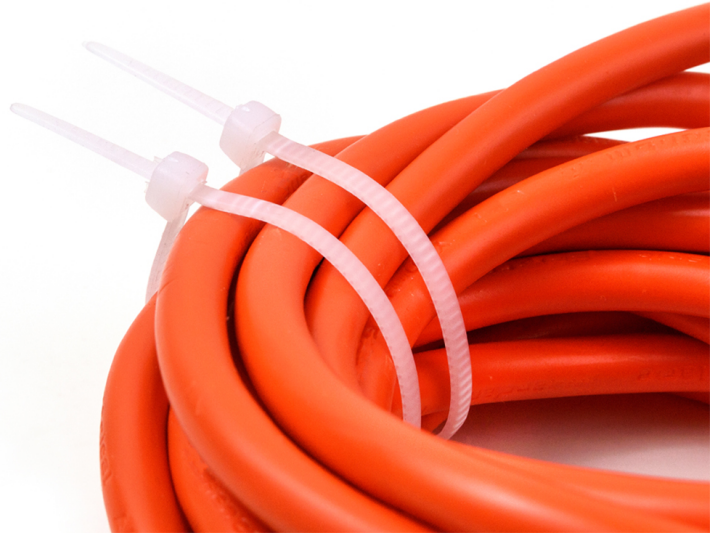

### QOLTEC – CABLE TIES THAT ORGANIZE ANY CHAOS!

### Cable ties designed for home, office, and industrial applications

Discover the versatility of Qoltec cable ties, commonly referred to as zip ties, made from flexible and durable nylon 66. These practical accessories are perfect for organizing various elements, from cable management in your home or office. Thanks to their versatility, they are found everywhere — from households and telecommunications to automotive workshops, gardening, electrical installations, and warehouses. See how Qoltec cable ties can simplify your daily tasks!

## HOW TO USE SELF-LOCKING CABLE TIE ?

### **Advantages of nylon 66 include flexibility along with durability, UV resistance, chemical resistance, and a wide temperature range**

Qoltec cable ties are high-quality products resistant to tearing. Made from nylon 66, they offer significantly better properties compared to traditional PVC ties:

- 1. **Nylon 66** is a material with **higher tensile strength and tear resistance**, making these ties more durable and reliable, even in tough conditions.
- 2. It maintains its properties over a wide temperature range from **-35 C to +85 C**, making zip ties ideal for **use in various environments**.
- 3. The ties are also **UV-resistant**, preventing degradation from prolonged sun exposure.
- 4. Nylon 66 offers **resistance to many chemicals**, making Qoltec ties suitable for use in **workshops, laboratories, and other industrial environments**.

## CABLE TIES: YOUR ALLY IN ORGANIZATION AND STABILITY

### Incredibly intuitive installation allows for a perfect fit to the user's needs

Using cable ties is exceptionally **quick and easy**! Simply **fit** the tie around the items to be joined, **thread** the end through the opening, and **tighten**. Due to their flexibility and elasticity, the tie enables **easy adjustment of the grip**, making it highly functional. Additionally, the evenly spaced teeth allow for **precise alignment of the joined elements**, ensuring reliability and durability in every application.

## CONFIDENCE BACKED BY WARRANTY

### Product covered by a 2-year warranty

Looking for high quality in your purchase? Our solutions meet your expectations. This product comes with a **24-month warranty** from the date of purchase.

## TECHNICAL DATA

Producer	Qoltec
Material	Nylon 66
Dimensions	4.8*160 mm
Quantity	100 pcs
Resistance grade	UL 94 kl. V2
Operating temperature	-35°C ~ +85°C
Additional information	<ul style="list-style-type: none"><li>- easy to install</li><li>- UV resistance</li><li>- high thermal strength</li><li>- high mechanical strength</li><li>- resistant to acids</li><li>- resistant to high temperature</li><li>- resistant to erosion</li></ul>
OTHER PARAMETERS	
Colour	White
Package depth / length [mm]	230
Package width [mm]	115
Package height [mm]	25
Net weight [kg]	0.050
Gross weight [kg]	0.082
Warranty	24 month
EAN code	5901878522425
