

Qoltec Smart 2-Gang Light Switch | Wi-Fi | Timer | Tuya | Smart life | Black

Product code: 52708

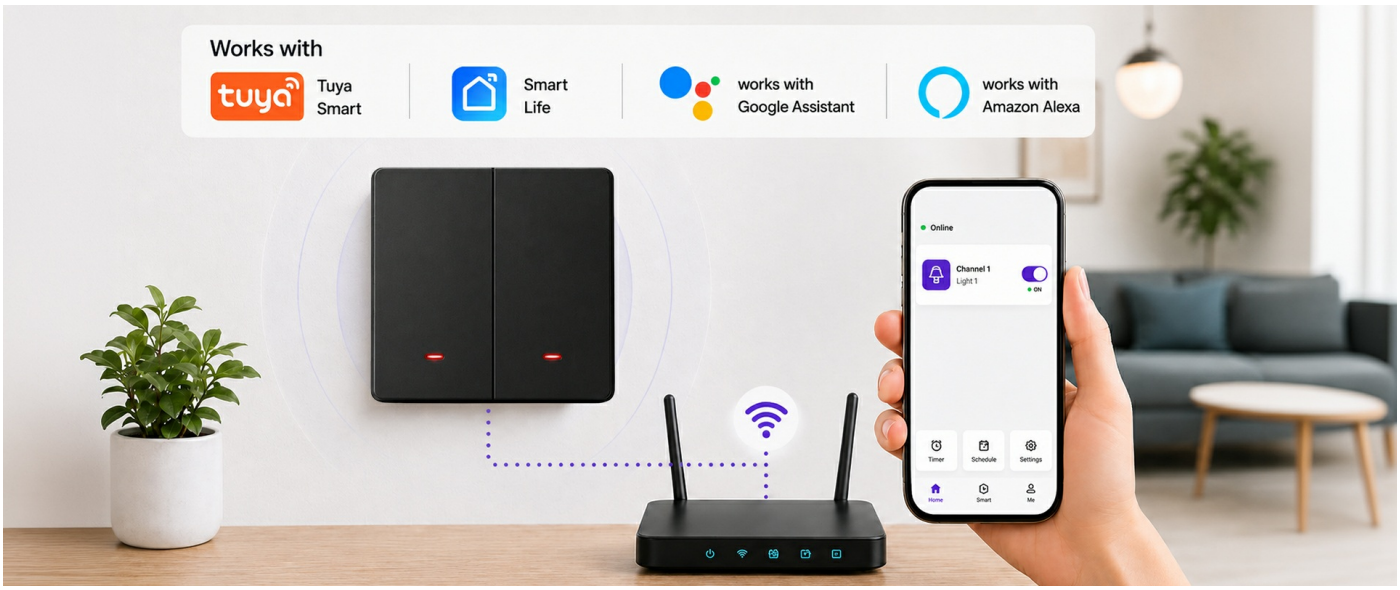

The smart Wi-Fi wall switch allows you to control your lighting conveniently using a smartphone or voice commands. The device is compatible with the Smart Life and Tuya Smart apps, enabling you to switch lights on and off remotely, create schedules and integrate it with your smart home system.

COMBINE TRADITIONAL LIGHTING WITH A MODERN SMART HOME SYSTEM

Modern lighting control in your home
The smart Wi-Fi wall switch is a practical solution for those who want to enhance the convenience of their everyday lighting use. It allows you to control traditional light sources with ease — both manually and remotely via a mobile app.
Thanks to its integration with the Tuya Smart and Smart Life systems, the switch can become part of a smart home, allowing you to create schedules, automation scenes and manage your lighting from anywhere.

FULL INTEGRATION WITH THE SMART HOME SYSTEM

Control your lighting using your phone or voice commands
This switch allows you to control your lighting via your smartphone, voice commands and automated scenes. It is compatible with the popular Smart Life and Tuya Smart apps, making it easy to connect it to other smart home devices.

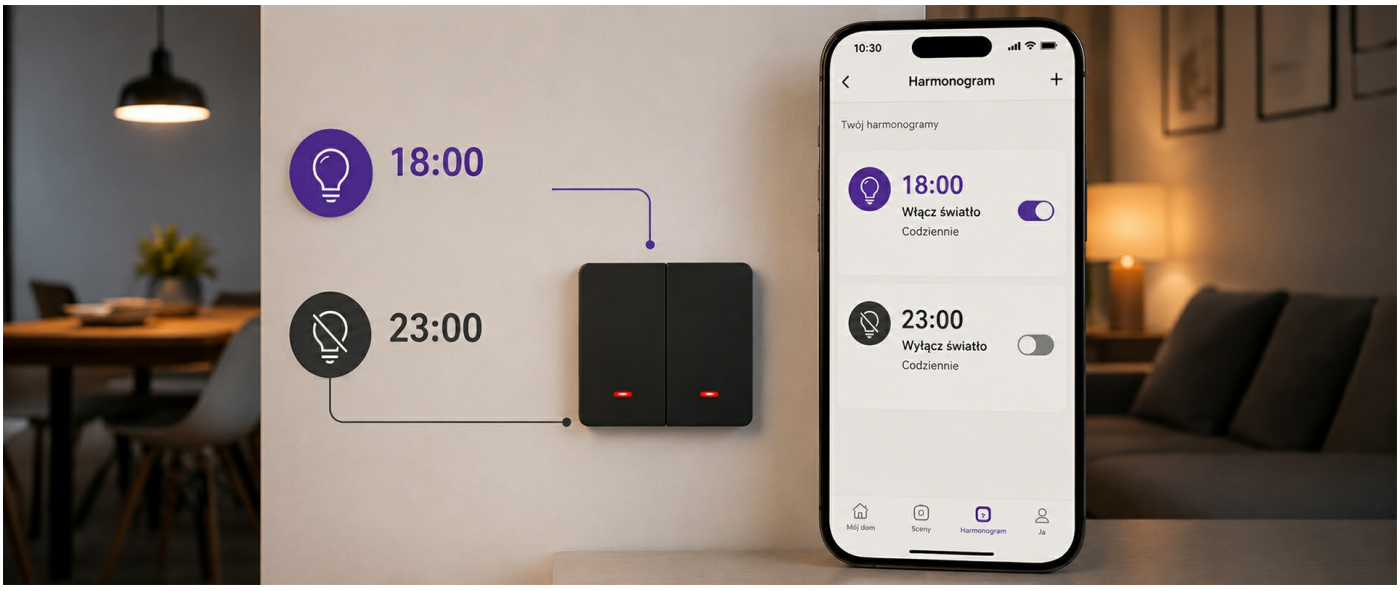

- Control via an iOS or Android smartphone
- Compatible with the Smart Life and Tuya Smart apps
- Voice control — compatible with Amazon Alexa, Google Home and Tmall Genie
- Timer function — automatic switching on and off
- Schedule — ability to plan the switch's operation
- Smart Scene function — creating scenes and automations in your smart home
- Grouping
- Overload protection for greater safety
- Can replace a traditional mechanical switch
- Neutral wire required for correct installation

SWITCH THE LIGHT ON AND OFF FROM ANYWHERE

Full control over your lighting — at home, at work and when you're out
Once paired with the Smart Life or Tuya Smart app, you can control the switch from your phone, no matter where you are. This is a handy solution when you want to check the lighting status, switch on the lights before you get home, or switch off a light you forgot to turn off when you left. Compatibility with voice assistants means you can also control the switch using simple voice commands, without having to reach for your phone.

AUTOMATION TAILORED TO YOUR DAILY ROUTINE

Set a schedule and let the light operate automatically
The timer and schedule function allows you to plan when the lighting should switch on and off automatically at a selected time. You can set the light to switch on in the evening, switch off after a specified time, or operate in line with your household's daily routine.
Thanks to the Smart Scene function, the switch can work with other smart home devices to create convenient automation scenes. It's a practical way to enjoy greater comfort, save time and have better control over your home's electrical system.

TRUST BACKED BY A GUARANTEE

This product comes with a 2-year warranty
Do you want to be sure of the high quality of the product you're buying? **Our solutions will meet your expectations.** Every switch we offer comes with a 24-month warranty, valid from the date of purchase.
