

Qoltec SMART Wi-Fi Surge protector | 4 sockets | 4 x USB

Product code: 51788

Connect any household appliances to the Smart Wi-Fi surge protector and control it using an application from a smartphone or tablet.

The device works with Google Assistant (Google Home) and Amazon Alexa (Echo).

DISCOVER SMART HOME

Until recently, home or office equipment required our participation to operate properly. Currently, we can turn on the washing machine or dishwasher without getting out of the couch or set a higher heating temperature before leaving the bed. Use innovation in your home or office and enjoy new solutions. The Qoltec Smart Wi-Fi surge protector is the perfect device that lets you discover a smart home.

INTUITIVE MANAGEMENT

Our device is designed to save your time and money. With the application installed on your smartphone or tablet, you will do some of the household chores even while being with your family at a picnic. Smart Wi-Fi switch allows: - cooperation with Google Assistant (Google Home) and Amazon Alexa (Echo), - Wi-Fi communication, - time programming setting, - connection of any device, such as iron, washing machine, dishwasher, TV, computer, printer, etc., - energy saving due to smart device scheduling.

CONFIDENCE CONFIRMED BY A WARRANTY

You value the quality of purchased equipment so our projects and solutions are focused on meeting your expectations. Qoltec Smart Wi-Fi surge protector is covered by 24 months warranty.
