

Qoltec Solar Connector | MC4 connector | Type Y | 1000V | 30A

Product code: 52601

Qoltec's MC4 Type Y connectors designed for, among other things, connecting photovoltaic panels and solar inverters.

SAFE AND RELIABLE CONNECTION BETWEEN PV MODULES

Qoltec brand connectors are used to connect PV panels in photovoltaic installations, using suitable solar cables, also available in our range. The set includes a set of triple Y-type MC4 connectors. Compatible with solar cables. They are designed to ensure a safe and reliable electrical connection between PV modules.

HIGH QUALITY AND SOLID WORKMANSHIP

The product is characterised by its high mechanical strength, resistance to high temperatures and UV radiation, and the high tightness class confirms the product's durability and water resistance. The connectors are made of high-quality PPO material.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. The product comes with a **24-month warranty** valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Type	H1Z2Z2-K T-piece type Y +/-
Rated voltage	1000V
Rated current	30A
Voltage test	1200V
Class	II
Connector type	Plug
Fire resistance class	UL-94-V0
IP rating	IP67
Usage	For connecting photovoltaic panels and solar inverters
Additional information	The connector housing bears the inscriptions : "STOP" and "Do not disconnect under load".
Material	PC + tinned copper
Insulation material	PC/PA
Operating temperature	-40 +85
Dimensions (D/L x W x H)	320 x 230 x 16 mm
Net weight [kg]	0.167
Gross weight [kg]	0.170
Certificate	CE
Warranty	24 month
EAN code	5901878526010
