

Qoltec Adapter USB-C 3.1 | VGA | Full HD 1080P | MHL

Product code: 50376

Easily connect your devices equipped with a USB-C port to monitors, projectors, or TVs with a VGA port. The USB-C to VGA adapter is an indispensable tool for anyone who needs to convert modern USB-C technology to a traditional VGA signal. Full support for 1080P Full HD resolution ensures a clear and sharp image.

YOUR KEY TO RELIABLE IMAGE CONVERSION

Reliable Image Conversion: USB-C to VGA, Connect Any USB-C Device, Full HD 1080P

You can transmit both image and sound through a single connection, achieving a clear and sharp image in 1080P Full HD resolution. Our adapter allows you to connect computers, laptops, smartphones, and other USB-C devices to monitors, projectors, or TVs equipped with VGA. It supports the MHL standard, which means you can transmit both image and sound through a single port. This is the perfect solution for those who value convenience and functionality.

WHY CHOOSE OUR ADAPTER?

Key Product Features

Exceptional Image Quality: Full support for 1080P Full HD resolution, **MHL Standard Support:** Image and Sound in One Port, **Plug & Play Interface:** No driver installation needed, device ready to use right after connection, **Build Quality:** High-quality materials ensure durability and longevity, **Modern, Minimalistic Design:** Stylish appearance that perfectly complements modern equipment. **Compact Size:** Lightweight and portable, easy to carry, and ideal for travel.

DESIGNED BASED ON MODERN MINIMALISTIC DESIGN

Durable, Solid Construction, Lightweight and Compact Design

Its lightness and portability allow you to carry the device with you on the go, whether for travel or work. The convenient size makes it easy to quickly install and detach in various situations. The adapter is designed based on a modern, minimalist design that complements your devices perfectly. Thanks to its sturdy construction, the adapter is resistant to mechanical damage and intense use.

TRUST BACKED BY WARRANTY
